Profile:

Emanuel is working with ATS as the Estimating Manager and brings with him over 27 years of experience in Civil & Interior fit-out projects. Before coming to Dubai he has spent around 12 years working in South Africa and 10 in Portugal where he successfully delivered various civil and building projects. He has successfully completed tenders for various prestigious projects for us like the fit-out of The Taj Hotel Downtown, Etihad Head Quarters fit out, @ Home, Tribes, Gucci, and the refurbishment of the Jumeirah Beach Hotel to name a few.

His Job role at Al Tayer Stocks consists of managing and reviewing of tender bids, planning, organizing, and control of construction estimating activities, participating in the post tender negotiation with Clients, preparing project cost estimates, managing construction cost data base, training, guiding and counseling the Estimating team etc.

He is excellent working under pressure, to meet deadlines. Motivated and committed with excellent leadership, problem solving, planning, contractual & technical correspondence and time management skills.
